生成規則｜Spawn Rules：棋盤上同時最多可以存在 13 隻怪物。如果場上存活的怪物數量 少於 13 隻，系統就會自動補生成新的怪物。在前 20 回合內，只會出現前三種怪物。20 回合之後，後兩種怪物也會加入生成池。目前後兩隻怪物在場上的存活數量都各自最多只能有 3 隻。

At most 13 monsters can exist on the board at the same time. If the number of alive monsters on the battlefield is below 13, new monsters will spawn automatically. During the first 20 turns, only the first three monster types can appear. After turn 20, the last two monster types will also be added to the spawn pool. Currently, each of the last two monster types is limited to at most 3 alive monsters on the battlefield at the same time.
